

Consultation Fees - Sexual Health Clinic

Concession card holders and patients under 16 will be bulk billed through Medicare.

If you are a **non-concession card holder** then you are a private patient and are required to pay for your visit on the day of consultation. If your details are registered with Medicare, the claim will be submitted to Medicare by our Customer Service staff for the rebate to be paid to you. NOTE: It is your responsibility to lodge bank details with Medicare.

Patients without a Medicare card will be asked to pay the full amount for the consultation on the day of the visit.

This list is a guide only. If there are any additional fees, the doctor will discuss these with you before the treatment/service is completed. If you are concerned about paying a fee, please discuss this with your doctor.
