

Service Fees –Doctors Clinic as at 1st July 2022

Private patients (non-concession card holders) are required to pay on the day of consultation.

EFTPOS, and cash payments accepted

If you have registered your bank details with Medicare, your rebate can be claimed at the end of your consultation.

NOTE: It is your responsibility to lodge bank details with Medicare.

Concession card holders and patients under 16 will be bulk billed through Medicare except for specialty appointments which may incur an initial consult fee. See table below.

Patients without a Medicare card are to pay the full amount for the consultation on the day of the visit prior to the end consultation.

This list is a guide only, not all services are listed. If there are any additional fees, the doctor will discuss these with you before the treatment/service is completed.
