Our care management includes reviewing Home Care Agreements and Care Plans, coordinating and scheduling services, and ensuring care aligns with other supports. It helps with budget and expenditure management in partnership with clients, home visits, and emergency planning, including crises, advocacy, and after-hours support. It is also a point of contact for clients and their support networks.

Terms and Conditions:

- The minimum scheduled visit is one hour unless specified in the unit rate.
- Services will be billable unless 48 hours notice cancellation is given.
- All services requiring an unscheduled extension will be charged at 15 minute increments if able to be provided.
